<b>SUPPLEMENTAL RESPONSE TO RESTRICTION REQUIREMENT</b>  Address to: Mail Stop Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450	Docket No.	HANO-003

Sir:al

This supplemental communication is submitted in response to the Restriction/Election Requirement dated December 4, 2007 and supplemental to the communication submitted earlier on January 4, 2008.

In the earlier communication dated January 4, 2008, the Applicants elected the following species with traverse:

**triglyceride** as the oil species, and **tricaprylin** of Claim 6 as the particular oil species;  
**non-ionic surfactant** as the emulsifier species, and **polyoxyethylene sorbitan (Tween)** of Claim 11 as the particular emulsifier species; and

**insoluble drugs** as the additive species, **anticancer drugs** as the particular insoluble drug species, and **cisplatin** of Claim 19 as the anticancer drug species.

As set forth in 37 C.F.R. §1.146 and MPEP §808.01(a), an election of species requirement is proper where an application contains claims to more than a reasonable number of species, and where there would be a serious burden on the examiner if restriction were not required.

The Office Action stated that claim 1 is generic. The claims that read on the elected species include Claims 1-6, 10, 11, and 16-19.

The Commissioner is hereby authorized to charge any fees under 37 C.F.R. §§ 1.16 and 1.17 which may be required by this paper, or to credit any overpayment, to Deposit Account No. 50-0815, order number HANO-003.

Respectfully submitted,
